MINERS MAY  
ABANDON A  
REFERENDUMOn Gallagher Coal Screen  
Bill On Account Of  
High ExpenseDEFINITE ANNOUNCE-  
MENT IS EXPECTED  
NEXT WEEK

PROBABLE COST \$60,000

And Miners Have Been Hes-  
itating About Spending  
So Much Money On An  
Uncertainty—Surprise is  
Caused By Proposed  
Abandonment of Proposal  
to Refer Bill to People.

[ASSOCIATED PRESS TELEGRAM]

Columbus, June 25.—Abandonment  
of the proposed referendum on the Gal-  
lagher coal screen bill by United  
Mine Workers of Ohio, has been dis-  
cussed seriously by miners' leaders it  
became known today. The cost of a  
referendum campaign would be \$60,-  
000 or more, and the miners are hes-  
itating about spending this amount.President John Moore of the Ohio  
Miners, said a definite announcement  
would be made next week whether  
plans for the referendum would be  
continued or abandoned.Inasmuch as there has been no in-  
dication heretofore of possibility of not  
calling the Gallagher bill to referen-  
dum, the report, together with Pres-  
ident Moore's statement concerning the  
"definite announcement," caused  
considerable surprise in political cir-  
cles. Mr. Moore pointed out today  
that the miner's organization would  
have to hire persons to circulate peti-  
tions in no number of counties where  
there is no mining industry, and later  
would be forced to spend sums for  
advertising and speaking campaigns.  
A total of 48,000 signatures must be  
obtained in at least 45 counties."We will not go into campaign in  
half-hearted way," said Mr. Moore.  
"If we take it up there will be a fight  
to the finish."  
Prospects of abandonment of the  
miner's referendum led to expression  
of doubt among political observers  
concerning the other proposed referen-  
dums. No definite action has been  
taken yet either on the civil service  
or the agricultural bills, though S. A.  
Hoskins of the civil service commis-  
sion preferred there would be a refer-  
endum on the matter, and Charles  
L. Swain, former speaker of the  
house, has been engaged to lead the  
fight on the agricultural bill. At  
Democratic state headquarters today,  
it was said petitions for a referendum  
on the congressional redistricting bill  
would be issued next week. "Liquor  
interests have not yet announced  
definitely whether they would call for  
a vote on the McDermott saloon li-  
cense bill, but it has been reported  
here they will do so."PRESIDENT WILSON  
GETS TO CORNISH, N. H.  
TO SPEND VACATION.

[ASSOCIATED PRESS TELEGRAM]

Cornish, N. H., June 25.—Pres-  
ident Wilson, accompanied by his  
daughter Margaret and Dr. Carey T.  
Grayson, the White House physician,  
arrived at his summer home here  
soon after one o'clock this afternoon.  
He was met at the railroad station  
at Windsor, Vermont by his cousin,  
Miss Helen Woodrow Bones, and  
motored to Cornish.May Start Construction  
Of Subways Within Month;  
R. R. Officials Visit the CityFollowing a conference between  
city officials members of council,  
and representatives of the Baltimore  
& Ohio and Pennsylvania railroads,  
announcement was made that it is  
highly probable that preliminary  
work on the subway construction  
will be started this summer. The  
railroads and the city have practi-  
cally agreed upon the details to be  
incorporated in the contract, the dif-  
ferences of opinion being in relation  
to minor matters and easily adjusted.  
New drafts of the contract will be  
made by the railroads and the city  
and will be compared at a confer-  
ence of city officials and railroad  
representatives at Pittsburgh next  
week.Last night's meeting was held in  
the council chamber. The railroad  
officials present were F. L. Stewart,  
chief engineer of the B. & O. at  
Baltimore, Thomas Rodd, assistant  
engineer of the B. & O. at Baltimore,

Pittsburg, June 25.—Eight  
men were probably fatally  
burned in an explosion of gas-  
oline today at the works of the  
Aetna Explosive Company in  
this city. The explosion occur-  
red in a corrugated iron build-  
ing and the men escaped by  
jumping from windows, while  
their bodies were ablaze like  
torches. The men were taken  
to the hospital. It is in the  
Aetna plant that experiments  
with a new process of manu-  
facturing gasoline are being  
carried on under government  
direction. The officials of the  
company have not yet made  
any explanation of the cause of  
the explosion.RUSSIAN SWAY

Berlin, June 25.—Via London.—  
The Berlin Tageblatt has received  
a despatch from its correspondent at  
Lemberg descriptive of the situation  
in that city which reads:"Reviewing the nine months rule  
of the Russians in Lemberg, it is  
found that among the chief sufferers  
in the Galician capital were certain  
former government officials whose  
salaries could no longer be paid.  
Prominent families were reduced to  
begging in the streets and compelled  
to satisfy their hunger in the kit-  
chens of other people. Well known  
men of Lemberg chopped and sold  
wood, while their wives baked and  
peddled bread and cakes.""Regular Russian police and Cos-  
sacks patrolled the city. The schools  
were permitted to stay open only  
with the express consent of the mil-  
itary governor. At least five hours  
every week had to be devoted to the  
study of the Russian language. Only  
text books provided for use in Rus-  
sian schools were permitted in Lem-  
berg. The Russian calendar was in-  
troduced. Certain prominent resi-  
dents favorable to Russia assisted  
the invaders and one of these, M.  
Glussekiewicz, a well known Ruthenian  
leader, was later rewarded by  
being named mayor of Przemyśl."  
"All men of military age were  
taken into custody by the Russian  
authorities as well as Austrian and  
Hungarian officers. These included  
General Rick, a veteran of Sabastopol  
over 80 years old."  
"The Russian military officers be-  
gan leaving the city the latter part  
of May and all had disappeared be-  
fore Lemberg fell. Emperor Nichol-  
as paid one visit to the Galician cap-  
ital while it was under Russian con-  
trol. Ruthenian books were de-  
stroyed by the Russian authorities  
and the exchange telegrams and let-  
ters in the Ruthenian language were  
prohibited."

## WOOL PRICES STRONG.

[ASSOCIATED PRESS TELEGRAM]

Boston, June 25.—The commercial  
Bulletin will say tomorrow"The week has witnessed a fair  
turnover in wool and prices are  
strengthening both here and abroad.  
Sales have included largely fine wools  
from which prices are firm. Domest-  
ic fleece wools are a bit higher,  
but have been sold sparingly. In  
the west there is more activity and  
prices have advanced."  
"English markets have been bet-  
ter but very firm."

## Mother and Son She Spends Fortune On.

Mrs. William Thaw

Harry Thaw

This photograph shows Harry  
Thaw and his mother, who has spent  
a fortune trying to get him out of  
jail for killing Stanford White on  
their way to his latest trial in New  
York City. The highest court of the  
state has just affirmed the decisionof a lower court granting him a jury  
trial on the direct question of sanity.  
Heretofore in all Thaw's other efforts  
to get out he has left his case to a  
single judge with the result that in  
each instance the court has ruled  
against him.Charges of Incompetency  
Against Superintendent Of  
The Lancaster Reformatory

[ASSOCIATED PRESS TELEGRAM]

Lancaster, O., June 25.—Hearing  
upon the charges filed with Governor  
Willis asking for the removal of Su-  
perintendent Hastings of the Lancas-  
ter Reformatory was begun today by  
the special committee appointed by  
Governor Willis yesterday. A large  
number of witnesses are to be called.  
Captain Hastings and his accuser  
Joseph Geer were expected to be the  
star witnesses in the hearing today.  
Geer was discharged by Superintendent  
Hastings two weeks ago. The su-  
perintendent charged Geer with cruel-  
ty to one of the youthful inmates of  
the home.Geer charges Hastings with show-  
ing partiality in his administration  
that he has done away with the tele-  
graph school, that he cut away valu-  
able timber and used it for fuel, and  
that he is generally inefficient and in-  
competent.Superintendent Hastings told the  
investigators he had made the re-  
movals of Geer and others for the  
good of the institution.In regard to the charge that he cut  
down valuable timber, the superin-  
tendent said this was a misrepresen-  
tation. He says he cleared a tract of  
timber of practically no value and  
planted the ground in potatoes.Answering the charge that a 16-  
year-old girl is permitted to mingle  
too freely with the boys, he says that  
there is nothing to it. "The girl in  
question is 18 years of age and her  
father is employed at the institution  
and has means of keeping her under  
observation."Before the investigation was begun,  
Superintendent Hastings announced  
that he had discharged A. C. Smiley,  
night watchman of Wellston, for  
disloyalty, making five employees who  
have been let out.Representative D. A. Hulswitt of  
Cincinnati, arrived at the school this  
morning and announced that he  
would represent the superintendent at  
the hearing. He stated that he came  
as a personal friend of Hastings and  
not at the superintendent's solicita-  
tion. When the hearing began Huls-  
witt called attention to the fact that  
Geer's charges had not been sworn to.  
Geer and other discharged employees  
were present. Chairman Paulkner  
and Member White, of the investigat-  
ing committee, opposed Hulswitt's  
suggestion that Geer be placed under  
oath before being questioned. Huls-  
witt pointed out that any sort of ir-  
responsible statements could be made  
if an oath were not required. He  
characterized the charges against the  
superintendent as ridiculous.Governor Willis sent a copy of the  
charges against Superintendent Huls-  
witt with the investigators. It shows  
that Geer, who is from Cincinnati,  
charged that the superintendent  
smoked in the presence of the boys.  
Another accusation is that Hastings  
cut down some old trees and cleared  
timberland to get wood to burn at the  
pumping station so as to cut down ex-  
penses. The superintendent made un-  
complimentary remarks about certain  
officers and employees of the school.Among other accusations is one that  
Hastings was guilty of neglect in the  
canning of tomatoes and fruit, causing  
a shortage of food. Another is that  
he is guilty of discrimination in the  
assignment of quarters and in the  
matter of vacations.Geer charges that the superintendent  
has violated civil service rules by  
employing a girl in her teens, as a  
cottage matron, with a cottage officer  
who is not a relative.Captain Hastings says that the girl's  
father is employed at the institution,  
and that the girl does not stay at the  
cottage at night. It is also charged

## TWO INDIANA POLITICIANS INDICTED

Mayor Joseph E. Bell.

Thomas Taggart, Democratic na-  
tional committeeman from Indiana;  
Mayor Joseph E. Bell of Indianapolis,  
and more than a hundred others  
have been indicted in connection  
with election frauds. Taggart and  
Bell were among the first to appear  
at the sheriff's office in Indianapolis  
and give bonds of \$5,000.Among the charges in connection  
with the many indictments was that  
in the recent county primary regis-  
tration and election certain primary  
and election boards permitted the de-  
struction of ballots for the purpose  
of substituting other ballots. Two  
counts set up a conspiracy to aid and  
abet primary poll clerks in marking  
ballots in a manner differently from  
that requested by the voters, while  
other counts allege the use of money  
in influencing the electors both at  
the primary and in the general elec-  
tion.Padding the tally sheets for cer-  
tain candidates is alleged in another  
section of the indictment, while an-  
other count charges policemen were  
permitted to stand within fifty feet  
of the polls "for improper purposes"  
in violation of the state law.Repeaters were imported from out-  
side of the county for use in the elec-  
tion, it is asserted in the indictment.A FORECAST

[ASSOCIATED PRESS TELEGRAM]

London, June 25.—Something in the  
nature of a lull in the fighting as  
compared to the feverish activity of  
the past fortnight is enabling the  
military observers on both sides to  
take stock of the present situation  
and forecast further operations. Petro-  
grad claims that the Russian defen-  
sive positions are so secure that the  
Austro-Germans will not be able to  
withdraw many troops for use against  
the allies of Russia. The Russians  
assert further that their present line  
before Warsaw is as strong as it ever  
was, and that their armies on the  
river Dniester will fall back only if  
the eastward drive of the Austro-  
Germans from Lemberg threatens to  
cut them off.The authorities of the central em-  
pires are less communicative concern-  
ing their future intentions and move-  
ments but it is believed that Warsaw  
again is their objective.In England the campaign for mun-  
itions is in full swing with the possi-  
bility of national registration to as-  
ertain the "man power" of the nation.  
That England appreciates the need  
of adding to her fighting re-  
sources is significantly indicated by  
the publication in the London Times  
of tables showing that the casualties  
of officers during the past month  
came within a few hundred of the  
total officer casualties during the entire  
South African war. The total in South  
Africa was 2,752, while the lists since  
May 26 show that 2,344 have been  
killed or wounded or reported miss-  
ing.SECOND NOTE

Great Britain.

[ASSOCIATED PRESS TELEGRAM]

Washington, June 25.—United  
States government officials today had  
under consideration in connection  
with the new American note to Great  
Britain concerning delays to neutral  
commerce the latest British memoran-  
dum on the subject.The British note which was pub-  
lished here and in London today ex-  
plains in detail measures taken by  
the British government to minimize  
inconveniences to neutral commerce  
under the order in council. The  
claim is made however that Ameri-  
can citizens have no just grounds for  
complaint on account of the treat-  
ment accorded their cargoes.The United States in its communi-  
cation now in course of preparation  
will renew its protest of March 1  
against the principles announced in  
the Order in Council.The British memorandum makes  
no attempt to answer the principles  
asserted in the note of that date. The  
American note probably will refer  
to the British memorandum.The British memorandum empha-  
sizes the various steps abroad from  
owners of cargoes sent abroad from  
the United States, says British offi-  
cials have acted in every case as much  
consideration for neutrals as might  
be compatible with the object in  
view—to prevent vessels from carry-  
ing goods for, or coming from the  
enemies territory, and point out the  
earnest desire of Great Britain to re-  
move all causes of unavoidable delay  
in dealing with American cargoes  
and vessels detained.Sufficient facts on detention and  
seizure of American ships and car-  
goes by the British fleet have not  
yet been gathered by the state de-  
partment to complete the new note  
to Great Britain which has been un-  
der preparation several weeks. Sec-  
retary Lansing disclosed today the  
portion of the note dealing with prin-  
ciples which were observed in get-  
ting data on American ships and  
goods detained or seized. He in-  
dicated that the note in its final form  
would be a presentation of the ac-  
ademic principles involved in the  
blockade. The British memorandum  
reviewing the efforts to minimize  
interferences to neutrals will be ac-  
knowledgeed in the new note and  
some of its points will be discussed,  
although it is recognized here that  
the memorandum was not intended  
as a reply to the American protest  
against the principles of the Order in  
Council which Great Britain has not  
answered.DISCUSSION

Berlin, Via London, June 25.—The  
debate in the Prussian chamber of  
deputies yesterday in which the at-  
titude of the German people toward  
peace was discussed by Progressive  
and Socialist members, who were in  
turn answered by a government  
official, the minister of the interior,  
is attracting considerable attention  
this morning.Herr Braun, Herr Wiener and Dr.  
Karl Liebknecht took part in the ex-  
changes. The morning newspapers  
report the proceedings substantially  
as follows:"Herr Wiener progressive cited  
with signs of approval from the  
members an article of Hugo Helne-  
mann, Socialist, to the effect that  
no German wants peace until Ger-  
many's enemies are willing to con-  
cede her right to develop her eco-  
nomic and cultural powers.""To this Dr. Karl Liebknecht one  
of the leading socialists interjected:  
"We have the masses with us  
and the masses want peace.""After this interruption Wiener  
continued:"We are convinced that the co-  
operation of all parties and classes  
is essential and that it means Ger-  
man victory. In this co-operation is  
found the guarantee that we will  
hold out and that we will be spared  
from such dastardly attacks in the  
future."Herr Braun, Socialist was the next  
speaker, he said the Socialists did  
not deny that the German people  
must stand together against their  
innumerable enemies. He referred  
to the fact that certain people are  
talking about continuing the war in  
order to realize plans of annexation.  
"A majority of the German people  
imperatively desire that no oppor-  
tunity for securing an early peace be  
lost, the speaker declared and they  
emphatically reject annexation plans  
of all kinds, particularly such as  
have been advocated by one German  
ruler. Democracy is opposed to these  
objectionable projects if only for the  
reason that they prolong wars, and  
the consequent unheard of sacrifices  
and wasting of the strength of the  
people.""The German people want no con-  
quest," Herr Braun declared. "They  
want no annexations. They do want  
peace without bringing humiliation  
to other peoples."Will Retrace Thaw's Life  
And That of Evelyn Nesbit  
At Trial to Prove Sanity

[ASSOCIATED PRESS TELEGRAM]

New York, June 25.—The case of  
Harry K. Thaw, who is seeking to  
establish to the satisfaction of a  
judge and jury that he is sane, was  
resumed today.The court room today before the  
day's proceedings started resembled  
the scene of an old time reunion.  
Witnesses from various parts of New  
England, waiting to be called in  
Thaw's behalf, exchanged greetings  
and many brought wives with  
them. Mrs. Mary Copely Thaw,  
Harry's mother, shook hands with  
some of them and took her seat in  
the center of such a group.Today is the ninth anniversary of  
the murder of Stanford White on the  
roof of Madison Square Garden  
for which he was acquitted on the  
grounds of insanity after one of the  
most elaborate insanity defenses  
ever presented in the history of the  
state. From that day to the pres-  
ent time he has adopted almost every  
means of the law to obtain his free-  
dom.Deputy Attorney General Cook in  
outlining the state's case said today  
that in addition to the retracing thelife of Thaw the state would also  
bring to light all the facts in the life  
history of Evelyn Nesbit.Before calling witnesses, the  
state's attorney returned to the jury  
testimony from the record of one of  
the previous proceedings bearing up-  
on Thaw's sanity. This was the  
cross-examination of Dr. William  
White, an alienist, the record of  
whose direct examination which was  
in favor of Thaw; was put in evi-  
dence yesterday.Interest in the proceedings to as-  
certain whether Harry K. Thaw is  
now sane or insane was divided to-  
day between the collection of evidence  
in court here and the application by  
counsel for the state for the appoint-  
ment of a commission to learn from  
Dr. Charles W. Elliott, president  
emeritus of Harvard why Thaw left  
that institution in 1892 without com-  
pleting his course. Deputy Attorney  
General Frank Cook yesterday asked  
Justice Hendricks to appoint a com-  
mission. Why Thaw left Harvard  
has never been brought out in any  
of his former attempts to regain  
freedom, although he was question-  
ed about it at one of the previous  
hearings.

## CAMERA

OF DR. GEORGE A. DORSEY, FORMERLY OF GRANVILLE, IN MANY FOREIGN LANDS.

Curator of Field Museum Returns, Having Made a 60-Reel Travelogue—Talks on Trip.

Dr. George A. Dorsey, son of Mr. and Mrs. E. J. Dorsey, of Granville, curator of anthropology for the Field museum, who has been in the Orient nine months supervising the filming of a 60-reel series of travelogue for the United Photo-Plays Co., returned Thursday to Chicago. Dr. Dorsey's itinerary included Japan, China, India, Borneo, Ceylon and Siam. He spent two months picture taking in Japan.

Speaking to an Advocate correspondent, Dr. Dorsey said: "I found the people I had to deal with there very nice. When the government found out the object of our trip they chartered a private car for us to tour the country in. I found my greatest adventure in China when we went on the whaling trip. A typhoon came up, the boat rolled and we were nearly all drowned. The first harpoon which was not at the whale was misdirected and barely succeeded in wounding it. And every attempt after that, of course, the whale was prepared to meet. He surely gave us a good fight."

This is the first photographic record of the harpooning of a whale which any camera man has recorded. Dr. Dorsey spent another two months in China. The pictures he took in this country were made under the personal supervision of the government officials. Dr. Dorsey obtained permission to make motion pictures of the Forbidden City and these are the first of this former home of the emperors which have ever been shown the public.

"In India the motion picture is a new thing," said Dr. Dorsey. "The people are curious and, strange to say, I did not have much trouble. I found many of the titled men who were willing to cooperate with us. The Nizam of Hyderabad gave us permission to take pictures of a cheetah hunt he planned in honor of the Aga Khan. We were entertained three days in the palace of the Maharajah of Meywar and he staged a tiger hunt just so we could make the pictures."

## MAY START

(Continued from Page 1.) decided to locate a union passenger station along the Pennsylvania right of way immediately south of the present B. & O. passenger station.

The details of this structure have not been worked out but the building will be substantially constructed of brick and concrete, will be large enough to accommodate the passenger traffic of both roads, and take care of the work of handling express and baggage.

The station will be located on the site which is now partially occupied by the semaphore tower which is not in use.

The only question on which the railroads and the city do not agree is that relating to the B. & O. freight tracks which it was planned to install along the right of way east of Clinton street and south of St. Clair streets.

The various matters were freely discussed and terms practically agreed upon which were satisfactory to both sides.

It was then agreed that a meeting should be held in Pittsburgh Thursday, July 1, when the last contract will be drawn up and informally approved. It will be necessary for the various officers of the railroad companies to sign the agreement and this will take some time, perhaps more than a week.

When the contract is finally executed, the next step in the subway construction will be the acquiring of the land necessary for the improvement. This will consume weeks, probably months, as it will be necessary to see the property owners and make an effort to purchase the property. Failing in this it will be necessary to start court proceedings to condemn the property.

With all the necessary property acquired, the railroads will commence the work of constructing their new steam and freight tracks so it will be possible to abandon all but the main tracks when the actual work of elevating the tracks is started.

It is the belief of the engineers that all this preliminary work will be completed before the winter and that the actual construction work on the track elevation can be started early next spring.

## A MOTHER'S NERVES

When your children "get on your nerves," the trouble is with your nerves, not with the children.

You find yourself scolding them when you should be reasoning with them and if you are wise you will realize that your nervous system needs attention. You observe, doubtless, that you wake up in the morning unrefreshed by your night's sleep, that you often feel better at night than you do in the morning. You realize that you are getting irritable, things worry you that didn't formerly and you have headaches more frequently than you used to.

Let this condition go on uncorrected and you invite a nervous breakdown. The proper treatment is to take more rest, stop worrying and build up your blood and nerves with Dr. Williams' Pink Pills. You will soon find that you sleep better and are more refreshed by it, that your appetite and digestion improve, headaches are less frequent and that little things do not annoy you as they did. You can begin the treatment today for your own druggist sells Dr. Williams' Pink Pills.

The Dr. Williams Medicine Co., Schenectady, N. Y., will send free on request two helpful books, "Nervous Disorders, A Method of Home Treatment," and "What to Eat and How to Eat."

## RHEUMATISM IN JOINTS

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that T. J. Evans and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place. Mrs. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me." That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle.

Report of County Board of Visitors Filed With Probate Judge Hunter—Court News.

Thomas H. Randall by Kibler & Kibler, his attorneys, filed in the common pleas court today an action for damages in the sum of \$4200, which he alleges resulted by reason of the negligence of the Ohio Electric railway company at Kirtersville, in October, when a passenger car of the defendant company collided with a farm wagon in which the plaintiff was riding, at the intersection of the National pike with the Baltimore and Lancaster road. Plaintiff charges negligence against the defendant in running in the village of Kirtersville at an excessive speed, in giving no warning of its approach, and in creating obstruction to the view by the erection of buildings.

The plaintiff was severely injured, unconscious for several days and claims that he is permanently hurt.

Board of Visitors Reports. The Licking county board of visitors, C. L. V. Holtz, O. C. Larason, Sallie Seymour, Ella M. Krieg and Margaret M. Hall, have made their report to Juvenile Judge Robbins.

Hunter, a visit made to the Girls' Industrial School at Delaware. They found 460 girls at that institution, 37 of whom were colored. There were 12 inmates from Licking county. These were called in a group and a conference was held with them, the girls expressing themselves as being well pleased with the treatment accorded them. All are attending school, where they are taught the common school studies, politeness, morality, domestic and industrial arts.

## PASSENGERS ON B. &amp; O. TRAIN HURT IN WRECK

The engine and a coach on passenger train No. 66, of the B. & O. road, was derailed two miles east of Cumberland, Guernsey county, O. at 7:05 o'clock this morning, the engine and coach turning over. The fireman, J. D. Johnson, who resides in Cambridge had his hip hurt. There were five passengers in the coach at the time of the accident and two of them were injured, John A. Connor, 53, having his head hurt and being unconscious for several hours, and L. D. Harper having his right leg bruised. Both are merchants of Cumberland and were enroute to Cambridge. They were returned to their homes in automobiles. The cause of the accident has not been determined.

## An Old Time Advertisement.

In old newspapers the advertisements make interesting reading. Here is one from the London Chronicle of 1785: "Run Away—Whereas Thomas Williams, Apprentice to John Clark of Queensborough, in the County of Kent, dregdeman, has run away from his said master's service and not been heard of these three years, if the said Thomas Williams will return to his master's service within three months after the date of this advertisement he will be kindly received, and whoever harbours him after this notice will be prosecuted as the law directs."

## FRENCH REPORT GERMAN ATTACK WAS REPULSED

WHICH HAD BEEN DELIVERED ALONG ENTIRE FRONT WHICH GREAT VIOLENCE

Asphyxiating Bombs and Flaming Liquids Said to Have Been Hurl-ed by Germans.

(ASSOCIATED PRESS TELEGRAM) Paris, June 25.—The French war office this afternoon gave out a statement on the progress of hostilities which reads as follows:

"In the region to the north of Arras French troops last night delivered an attack between Angres and Souchez and made further progress."

"In the 'labyrinth' a German counter-attack has been repulsed. This engagement was followed by a violent bombardment of our trenches to which our batteries made reply."

"In the Champagne district, in the region of Perthuis the enemy yesterday and during last night exploded two groups of mines but did not deliver any infantry attacks. They were not even able to occupy the excavations made by the mine explosions."

"In the Argonne and at Vauquois the fighting with mines continues and there occurred several local engagements in which the throwing of bombs and hand grenades was a feature."

"On the heights of the Meuse at the Calonne trench, the Germans last evening delivered a very violent attack along our entire front, accompanied by the hurling of asphyxiating bombs and flaming liquids. After having succeeded in penetrating that portion of their former second line of defense which we occupied, they were thrown out of these positions by an energetic counter-attack on our part."

"At midnight the enemy attempted a further offensive return. The assailants found themselves under a fire from our heavy batteries and they were repulsed with heavy losses."

"In Lorraine the enemy yesterday on two different occasions endeavored to retake the positions he had lost near Leintrey. He was completely repulsed."

"In the Vosges, two German infantry attacks were checked by our artillery fire. They were delivered against our trenches at Reich Ackerkopf after a violent artillery bombardment."

"A German aviator yesterday threw five bombs on the sanitarium at Zuydcote, but without doing any damage."

GERMANS' REPORT DISPUTES ALL OF FRENCH CLAIMS.

(ASSOCIATED PRESS TELEGRAM) Berlin, June 25.—German army headquarters today gave out a report on the progress of hostilities which reads:

"On the west front all attacks of the enemy yesterday were repulsed and German troops made local gains in places."

"The village of Kopaczyska has been evacuated by the Germans."

"At a point to the west of Stesgna, German troops have taken possession of a part of the enemy's line."

"The situation of Field Marshal Von Mackensen's army remains unchanged."

"That portion of General Von Linsingen's army which was northwest of Halicz has been transferred to the south bank of the Dniester. Further up the river German attacks are advancing. The left wing of the army is now near Chodorow."

## CHARGES

(Continued from Page 1.) that boys are employed as instructors of inmates who are their seniors.

Another charge made is that several of the best employees now contemplate resigning, feeling that their self-respect will not permit them to remain longer; that the institution is at a lower ebb, morally and physically, than in previous years, and that a large percent of the boys receive no schooling. Captain Hastings says that about 900 of the 1,150 boys attend school, and that the others have the amount of education required by law.

Other charges are that three men, at a total expense of over \$7,000 are doing the work which one parole officer formerly did at an expense of \$1,000; that the superintendent is incompetent in executive ability; that he is under the influence of certain employees of the school; that a swimming pool and bath room have been abolished in several cottages; that cruel punishment of inmates is permitted; that the telegraph school has been abolished; that the brick plant has been destroyed; that incompetent teachers and instructors are employed; that drunkenness and the carrying of liquor to the school is permitted, and that some of the buildings are unsanitary.

Considerable wrangling ensued over this question, but the committee finally ruled that in as much that the proceedings did not constitute a trial, it was not necessary to put Geer under oath, and they placed him on the stand to hear what he had to say in substantiation of his criticism of his former chief.

When recess was taken for lunch at noon, it was agreed by common consent that the only thing positively established was that Superintendent Hastings had smoked a cornob pipe on the campus. The committee dismissed the charge that Superintendent Hastings is incompetent.

Questioned about the charge that probate judges send boys to Lancaster under protest, Geer said this was based on the statement that Probation Officer Piersons of Springfield made to him.

Geer admitted that his charge that

Hastings did not visit the schools was based on hearsay.

HASTINGS SAYS HE IS VERY ANXIOUS FOR AN INVESTIGATION.

Columbus, O., June 25.—Complete investigation of charges and counter charges in connection with the administration of the Ohio Boys' Industrial School at Lancaster is to be made by direction of Governor Willis.

The governor reiterated today his statement that there was no politics in the investigation and that no attempt is being made or is contemplated that would in any way detract from the authority of the state board of administration in its control of the Lancaster institution and similar state properties.

The investigating committee named by Governor Willis is composed of Rufus C. Burton of Ganesville, chairman of the board of state charities, John White of Logan, Republican state central committee; C. W. Faulkner of Kenton, attorney; State Budget Commissioner Edward M. Fellington, who will be the governor's personal representative in making the investigation.

W. R. Ankrom and L. W. Hays, who were discharged yesterday by Superintendent Hastings in company with Fred Whiteley, came to Columbus last night. Hastings refused to make any kind of statement. Captain Hastings says he discharged these men for disloyalty. They were not supporting his administration, he declared. He has evidence that some of these discharged employees have been meeting with politicians who want to get control of the institution and that rumors of all sorts, have reached the ears of the boys in the school, causing them to feel that they are not being properly treated. In the present condition of unrest, he says, it is difficult to counter-act these reports.

Joe Geer, discharged by the superintendent at Lancaster, says he is eager for an investigation, firm in the belief that it will show nothing wrong under his administration.

Joe Geer, discharged by the superintendent, and who is supposed to be one of those back of the charges filed, with the governor, was dismissed, it is alleged, for assaulting a boy.

# Zanesville Had Largest Delegation On Thursday Among Over 8,000 Visitors

Newark people, particularly those who aided in any way, in the entertainment of the thousands of guests Thursday, today are resting. On every hand is heard comments on the magnificent showing made by the various Masonic bodies which took part in the monster parade.

Only estimates can be made concerning the number of visitors in the city. An actual count of the number of men in the line of march showed that 4992 were in the bodies which the lines of 12 were formed in East Main street. Other counts at other points reported indicate that more than 5,000 took part in the big parade.

Not all the visiting Masons registered. It would have been almost impossible to have listed all the names in one day. Long before the Columbus delegation arrived, the registration cards at the Masonic Temple, 2,500 in number were exhausted. None of the Columbus Masons registered.

It is estimated that more than 8,000 visitors came into the city during the day. The Zanesville Masonic bodies sent the largest delegations. Columbus was next with Mt. Vernon and Cambridge competing for honors for third place.

No one today would venture to guess how many were in each delegation.

The furnishing of meals for the visitors was a feature of the entertainment which was well handled. Besides the hotels and restaurants where the guests secured meals, three of the churches, and Y. W. C. A. served meals during the day. At the Methodist church 800 meals were served, including dinners and suppers. The Congregational church served about 700, the First Presbyterian church about 750 and the Y. W. C. A. about 100, making a total of 2,250 meals served at these places.

titled "Aladdin's Lamp," which was presented by the members of the Aladdin Patrol of Columbus. The title of the play was somewhat misleading and the only thing that recalled the famous Arabian Nights' hero was the appearance of a Genie, who appeared when an American tourist, Semitar, rubbed a lamp. Modernity of idea and treatment was carried out even to the natty uniforms worn by the soldiers representing Great Britain, France, Germany and the United States; and the up-to-date suggestion of universal peace. The incidental songs such as "A Long Way to Tipperary" also savored of 20th century inspiration.

The Aladdin Patrol orchestra furnished the music, accompanying the lyrics of the play, as well as incidental to the song numbers.

The audience was well pleased and evidenced this pleasure by very generous applause.

## F. W. ELLIOTT HAS LUCKY NUMBER AND GETS BUILDING LOT.

With the first 1000 souvenir badges sold at the Masonic dedication on Thursday tickets were given bearing a number. On Thursday evening at the presentation of the play "Aladdin's Lamp" at the auditorium theater, a drawing was made and Mr. Frank Elliott was presented with a building lot in the Wehrle addition.

Little Miss Jones, daughter of Mr. and Mrs. B. B. Jones, of Hudson avenue, drew the tickets out and the fifth one was the lucky one and was held by Mr. Frank Elliott of the Elliott Hardware Co.

**THANK YOU.**

On behalf of the Masonic Fraternity, we wish to express our thanks and most grateful appreciation for the assistance rendered us in the dedication of our Masonic Temple.

To the Mayor for many favors and courtesies shown; to the Director of Public Service for the splendid appearance of our streets along the line of parade, for the extra lighting of the city, and for other favors; to the Chief of Police and the splendid officers for the courteous and masterful manner in which the large number of people were handled; to the Ohio Light & Power Company for lighting of the Court House; to those citizens although they were not connected with or members of our order, placed their automobiles at our disposal and decorated their homes and places of business.

The civic spirit which reached across the fraternal idea and lent itself toward making this a day of which Newark may well be proud, will be long remembered by our fraternity.

We are deeply grateful for the many favors and courtesies shown us and thank you one and all.

FRANK L. REGGS,  
Chairman.

**LARGE ATTENDANCE AT MASONIC DANCE.**

The concluding feature of the entertainment of the hundreds of guests in the city for the dedication of the new Masonic Temple on Thursday evening was the informal reception and ball. Great throngs of dancers and spectators congested the large ball room during the hours from 8:30 to 12 o'clock, and a most delightful program was furnished by the Nutt-Hawkins orchestra.

Flower baskets filled with foliage and variegated flowers were placed about the ball room which with the balconies were massed with guests. Punch was dispensed during the evening and ices and waters were served.

**ALLADIN'S LAMP DREW CROWD TO THE AUDITORIUM.**

The Auditorium theatre was filled Thursday evening by an audience which greatly enjoyed the play en-

### FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Evans' Drug Store, or any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

## Personal

Mr. and Mrs. J. P. Bolin and daughter, Miss Ruth Bolin of Zanesville were guests of Mrs. Margaret Hall of West Church street on Thursday.

Mr. Albert Stevens of Baltimore Md., attended the Masonic Temple dedication ceremonies yesterday. Mr. Stevens is a Past Master of Newark Lodge and for a number of years was connected with B. and O. telegraph service.

Mr. and Mrs. Harry Hoyman drove to Newark from Somerset in their car on Thursday and were guests of Mr. and Mrs. T. A. Bazler of North Fifth street.

Dr. and Mrs. Wells of Nashport were guests on Thursday of Mr. and Mrs. R. A. Hutchinson of Hudson avenue.

Mrs. H. A. Knoff and children Helen and Russell of Cambridge, O., are the guests of Mr. and Mrs. F. A. Baumgarten of North Sixteenth street, and Mr. and Mrs. E. E. Mitchell of Linden avenue.

Thomas O'Keefe of Toledo, was a business visitor in Newark on Thursday.

Frank Murphy of Steubenville is spending a few days in Newark.

Miss Martha Fitzgerald of Ravenna, O., is the guest of Miss Frances Duly of West Main street.

Mrs. Tim Fitzgerald and children of Ravenna, are visiting at the home of Mr. and Mrs. Sachs in Eleventh street.

Mr. and Mrs. C. O. Bartley, of Beverly, O., motored to Newark on Thursday to attend the Masonic dedication and will be guests for a few days of their daughter, Mrs. D. A. Hankinson, of Buckingham street.

Dr. and Mrs. Owens and Mr. and Mrs. Eben Dean, of Columbus, motored to Newark Wednesday and were guests of Dr. and Mrs. H. H. Postle of Granville street.

Mr. W. T. Naragon, former cashier of the Pennsylvania freight office here, was up from West Lafayette yesterday, and many old time friends were glad to see him. Mrs. Naragon, who has been in the Newark hospital for some time, is improving in health.

Mrs. William Zimmerman of Dayton, who has been visiting in Wheeling, spent the day with her daughter, Mrs. Ed C. Miller, of 309 West Church street, enroute home.

Mrs. W. H. Hickman, Mrs. Winifred Young and Mrs. Blanche Adams, have returned from attending the G. A. R. encampment in Mansfield. Mrs. Hickman was elected delegate to attend the National Convention in Washington in September. She was also awarded a silver spoon for promptness and good work.

Mr. A. R. Lindorf has just returned from a business trip to New York City.

Warren Slack of Zanesville, was a visitor in Newark on Thursday.

**ROUMANIANS WILL CELEBRATE THE 4TH.**

The committee in charge of the representations from the societies of the Foreign born population of the city, for Americanization Day, report that the Roumanian Beneficiary Society is planning to have their people out in a body. They plan to have a band. Other organizations have indicated that they will be in line with their delegations. An effort is made by the committee to have all the men who have been naturalized in the last few years present in body. All organizations are urged to participate.

## THE SICK

Miss Ethel M. Beckett, daughter of Mr. and Mrs. John Beckett, who has been seriously ill with pneumonia is recovering slowly at her home in 59 Wallace street.

The buzler ambulance removed the young son of Mr. and Mrs. Fountain of Somerset from the City Hospital to the B. and O. train this afternoon. The child underwent an operation at the hospital.

Mrs. John Vanaita and daughter were removed in the Bradley ambulance from the Sanitarium to 246 Edwy street, Wednesday.

A. D. Rogers of 241 Conrad street was removed to the Newark Sanitarium Wednesday in the Bradley ambulance.

## No Longer a "Corn Belt."

The "corn belt" used to be a strip of country running generally from Pennsylvania to Kansas, and including Ohio, Indiana, Illinois, Missouri and the southern half of Iowa.

But the fashion in belts is changing, as all fashions are liable to do. The corn belt is spreading itself out. It goes further east and further west, and most emphatically it is moving to the north and south. Michigan, Wisconsin, Minnesota and even the Dakotas and Montana are now in the corn belt. The southern states are knocking at the door. Georgia, Alabama and the Carolinas are showing that a hundred bushels to the acre is nothing to them.

The corn belt in the future will extend from Canada to the Gulf of Mexico, and it will reach to the Rocky mountains, if not beyond. It is no longer a belt, but a section, comprising almost the entire arable portion of the United States, and may even include the deserts and the mountains to a limited extent.—Farm Life.

## Siam.

The name "Siam" is supposed by some pretty good authorities to be derived from a Malay word, "sajam," brown. Both Siamese and Shans call themselves "Thai"—that is, "the free."

A varied and most interesting program was given recently in Pittsburgh, by the pupils of Miss Zoe Fulton, formerly of this city, at a song recital in Carnegie Lecture Hall. The accompaniment was played by Mr. Carl Bernthal, and the program was given by the six pupils of Miss Fulton who is meeting with much success in her instructions for the voice in Pittsburgh.

Announcement cards reading as follows have been received:

Mr. and Mrs. Lemuel Barrett announce the marriage of their daughter Carry May to

Mr. Harold Dyer on Saturday, June nineteenth nineteen hundred and fifteen St. Louis, Mo.

The bride was formerly a resident of this city and was graduated from the Newark High School. In St. Louis she has been employed as stenographer at the Y. W. C. A.

The members of the Thursday Evening Euchre Club entertained with a prettily appointed dinner at the home of Mrs. David R. Dowden in Hudson avenue on Thursday evening out of compliment to Miss Helen Brennan of North Fifth street.

The table was centered with a basket filled with pink and white roses and a four course menu was served. Covers were laid for eleven.

## In Milady's Boudoir

BY GWEN SEARS.

If your shoulders are too fat vigorous massage will help to reduce them but special exercises are even more necessary. An exercise which will pull the flesh off the shoulders in a most satisfactory manner is as follows: Stand with the heels together, toes and chest out, shoulders dropped, chin up. Now raise the left arm above the head and stretch the right arm down, as if both were attempting to touch something just out of reach. Keep palms out and little finger of right hand touching the leg.

Now bring up the right arm in a semi-circle above the head and at the same time swing the left arm down in a semi-circle, until the little finger touches the leg, stretching both arms as far as possible. Alternate and continue for five minutes twice a day.

Another exercise which will dispose of fatty deposits on shoulders and back is as follows: Stand with heels together, hands clenched at sides, begin to draw in a deep breath while bringing arms to shoulders with a quick vigorous motion. Without pausing stretch then to full length above the head. Now begin to exhale while bringing the arms down to the

shoulders; next at full length to the sides. Each movement of the arms should be as if intended for a blow.

If your shoulders are beautifully rounded soft chiffon, crepe or lace gowns which slip carelessly off the shoulders, are extremely fetching, but beware of this method of gowning if there is the slightest squareness of line to your shoulders. In most cases the drapery must come well with the line of the angle to soften it.

### MAY MAKE A FINAL APPEAL TO THE UNITED STATES SUPREME COURT.

Convict Said to Have Overheard Plot by Webber and Others to "Frame" Former Police Lieutenant.

(ASSOCIATED PRESS TELEGRAM)  
New York, June 25.—Counsel for Charles Becker considered today the advisability of an appeal to the United States supreme court to save Becker from execution in the week of July 12 for the murder of Herman Rosenthal. It was reported that either a writ of error or of habeas corpus might be requested on the ground of newly discovered evidence. Either writ should automatically stay Becker's execution.

A letter written to Becker's counsel by a prisoner now in Sing Sing prison asserting that he overheard part of a plan by Jack Rose, Harry Vahon, and "Bridge" Webber to "frame" Becker may be the basis of the proposed appeal.

The letter was signed by Joseph Murphy, who wrote that he was in the Tombs prison when Rose, Webber and Vahon were detained there.

Martin T. Maton of Becker's counsel said no move in the direction of an appeal to the supreme court would be made until after Governor Whitman had heard a plea for clemency.

### WORKMEN ARE LEAVING THE GOVERNMENT EMPLOY FOR PRIVATE CONCERNS

That Are Manufacturing Munitions of War for the European Belligerents.

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, June 25.—Scores of skilled workmen are leaving the employ of the government arsenal at Frankford to accept positions with private concerns that are supplying orders for munitions of war for the European belligerents. For the first time in years the arsenal is suffering from the shortage of employees and officials fear the situation may become serious. Twenty men in the machine shop and twenty-five in the fuse department resigned yesterday. A number of others gave up their positions last week and it was said that nearly every department had been more or less affected. The defections have occurred not only among the workmen but among the officials as well.

The men declare they have been given three year contracts with the private firms at wages far in excess of those paid by the government. According to officials at the arsenal there is a federal statute which makes it unlawful for private concerns to use a promise of higher wages to induce arsenal employees to leave the service of the government and an investigation was said to be under consideration.

Colonel Montgomery, commandant at the arsenal, has recommended to the Washington authorities that the men be given a 25 per cent increase in wages.

### A Simple Constipation Remedy—Try It

For quick, positive relief from constipation, sour stomach, biliousness, inactive liver, bad breath, and all the ills that follow them nothing as yet has been found to quite equal that old, time-tried compound of may-apple root, aloes and jalap.

Recognized as one of the standard remedies, physicians daily prescribe it, many preferring it to all others, and especially calomel. They like it because, being purely vegetable, it's not nearly as harsh as calomel; it never gripes; is never followed by any of the dangerous after-effects that so often result from the use of calomel.

This standard remedy, ready-prepared, may now be had under the name of Santal Laxative Tablets. Be sure you get the original Santal Laxatives, put up in the box that has the picture of the soldier on it. In this form it is much more convenient and easier to take than in the old-fashioned powder or capsule form—cheaper, too; a 10c box of Santals should last one several weeks. A physician's sample package (4 doses) free to any one answering this advertisement. "The Santal Remedy Co., 301 Madison Ave., Covington, Ky.

### SPENDING \$100,000,000 IN AMERICA THIS SEASON INSTEAD OF IN EUROPE.

National Parks are Having Unprecedented Patronage According To Secretary Lane.

(ASSOCIATED PRESS TELEGRAM)  
Washington, June 25.—Money heretofore expended by American tourists in Europe, estimated by Secretary Lane at \$100,000,000 or more annually, is this year being spent in the United States, according to a statement issued by him today.

Secretary Lane's statement was based upon reports received at the interior department showing it was said, and unprecedented public interest in the national parks of the west as indicated by the big increase in the number of visitors this year over previous years.

"The department," said Secretary Lane, "is gratified with the public interest in the development of the great national parks. The number of visitors has been steadily increasing, but this summer's travel will be far ahead of other seasons. As the magnitude, beauty and healthfulness of the parks are better understood, it may be expected that the yearly travel to them will rapidly increase. Thus the damage caused by the war is being neutralized by inducing Americans to spend their vacation money at home. The whole country is the gainer by this intermingling of the people of the east and west."

### The Vanishing Road.

We are all treading the vanishing road of a song in the air, the vanishing road of the spring flowers and the winter snows, the vanishing roads of the winds and the streams, the vanishing road of beloved faces. But in this great company of vanishing things we feel that there is a reassuring comradeship. We feel that we are the units in a vast ever moving army, the vanguard of which is in eternity. The road still stretches ahead of us. For a little while yet we shall experience all the zest and bustle of marching feet. The swift running seasons, like couriers bound for the front, shall still find us on the road, and shower on us in passing their blossoms and their snows. For a while the murmur of the running stream of time shall be our fellow wayfarer—till, at last, up there against the sky line, we, too, turn and wave our hands, and know for ourselves where the road winds as it goes to meet the stars. And others will disappear, and wonder how it seemed to us to turn that radiant corner and vanish with the rest along the vanishing road.—From "Vanishing Roads," by Richard Le Gallienne.

### Starvation.

What is it? What occurs? What part of the human mechanism fails first or last, when a person is deprived of food for a certain period of time? This is what takes place: During starvation the body loses weight, the various functions (walking, sitting up, etc.) become weaker, the body temperature first rises, then falls, and death supervenes after the loss of about 40 per cent of the body weight. The loss is not equally distributed among the various tissues, as the muscles and fat lose the most, then the bones, skin and liver, and (least of all) the heart, brain and spinal cord. Some persons starve without actually being denied food. Certain constitutional diseases bring on conditions which cause loss of weight and great weakness of every portion of the organism; the food eaten does not feed the disease ridden tissues and a state of starvation follows. Thus a person may starve even in the midst of plenty. Marked loss of weight, while in seeming good health, is a positive indication of some serious systematic disorder, which if treated in time will prevent further loss of weight and avert starvation and death.

### Queer Postage Rates.

The city of Christobal, in the canal zone, is separated from the city of Colon, in the republic of Panama, by a street only. One side of the street is in one city, the other side in the other city. A boy or girl living in Christobal can for 2 cents send a letter all the way to New York, or farther yet, to San Francisco. Or if he wants to send it a long, long way a two cent stamp will carry a letter from Christobal to Alaska or Hawaii or Guam or even halfway around the world to the Philippine Islands. But suppose that boy or girl wants to send a letter across the street to some friend in Colon. How much postage must he use? Why, 5 cents, of course! It doesn't seem quite right, does it?—St. Nicholas.

## Printing a Coin on Linen.

The print of a silver coin or medal may be made on silk or linen by dipping the fabric in a solution of nitrate of silver and stretching it over the face of the coin until the image is imprinted. The linen is sensitized by dipping it into a solution of nitrate of silver, made by dissolving sixty or eighty grains of nitrate of silver in one ounce of water. Wet the portion of the cloth which is to receive the impression in the solution, and when nearly dry draw it over the face of the coin and tie it at the back. Expose to a weak light, and in a few minutes the raised design of the coin will appear on the linen. As soon as the print is dark enough remove and wash in clear water. When nearly dry iron it smooth with a warm iron, placing a piece of tissue paper over the print. In printing from the coin or medal it is advisable to paste a piece of paper on the reverse side, so that the silver will not come in contact with the sensitized fabric.

### Investment and Speculation.

When any one is buying a coat or a fishing rod or a rose tree or laying down a cellar or setting up a library either he knows what he wants, where to get it and what to pay for it or else he takes earnest counsel with his friends and with the most trustworthy professional advisers that he can find and uses all the wits that he and others can bring to bear on the subject in order to make sure that his purchase is prudently conducted. He attends sales, rummages in shops and discusses the matter in his club until he and it are voted a nuisance. If only half as much time and trouble were devoted to the careful selection of investments there would be fewer bad companies, unscrupulous promoters and ornamental directors, the world would be very much richer, and its riches would show less tendency to gravitate into questionable hands.—Cornhill Magazine.

### Hard Water.

Do you realize how hard water is when a boat sails through it at full speed? Water passing at fifty miles an hour is not the limpid liquid we are accustomed to bathe in. If you put your arm overboard from a hydroplane running fifty miles an hour and strike a wave crest the probability is that you will break your arm or wrist, because at that speed the water has not time to give or even to change shape, and striking it is like striking so much metal.

If a swordman should enter one of the great hydraulic quarries, where a stream of water under enormous head is used to wash down hillsides, and attempt to cut into one of those streams his sword would fly in pieces without being able to penetrate the water. The stream is like a bar of iron.

### A Curious Wish.

I want to be sick! I want to lie in bed and be fussed over and petted and nursed. So far in my life I have had but one disease—health. It sticks out all over me. It runs swiftly through me. It yanks me up in the morning. It tucks me up in bed at night and shoves me off into unexcited sleep not even to dream. It stands by my chair at meals and gives me an appetite for just the right food in just the right quantities.

I want symptoms. I want to be put to bed and petted. I want to come back to convalescence with brews and potions and soft cool fingers and dark rooms and sweet flowers to beguile me. I want to be sick!—H. S. Haskins in Smart Set.

Head of Revolution Declares His Followers Will Fight the New Government.

(Associated Press Telegram)  
Paris, June 25.—A Havas dispatch from Lisbon says:  
"The ministerial declaration read in the chamber yesterday afternoon renews manifestations of sympathy for the allies, and discloses the governmental decision to present to parliament documents which throw light on the attitude assumed by Portugal in relation to the European war."  
"After reading of the declaration, Alexandre Braga, the leader of the democrats, promised the government the support of his party."  
"Antonio Almeida, head of the revolutionists declared he would fight the new government and would attempt to obtain justice for Pimenta, Castro, the former premier. ### BUCKEYE LAKE

#### REGATTA JULY 4, BY YACHT CLUB

That the Fourth of July will be a gala day for the Buckeye Lake Yacht club is indicated by the program of events announced by Commodore Harry C. Holbrook. The regatta will start at 9:45 a. m. and will continue until 12:45 p. m., consisting both of sailing and power boat races with a large list of entries.

When the number of entries for events at Buckeye Lake are considered, few yacht clubs in the United States make a showing as strong as that of the local organization. Yacht enthusiasts and power boat fans are numerous hereabouts, and it is certain that with proper weather there will be a big turnout of racing craft in this year's Independence day program.

Among the events scheduled are catboat races, a speed race for single cylinder boats; others for two, three and four-cylinder boats; a special contest for Kermath and Morton motors only; a speed boat race for craft of the 20 miles an hour class, flying start, and the "Onio Electric Handicap" which will be open to any boat on Buckeye Lake.

But not all the contests will be on the waves, for there is to be a women's sail-driving event, a women's potato race and a number of other novelty competitions. George F. Mooney is chairman of the regatta committee. The judges will be: C. C. Philbrick, J. H. Marquardt, W. L. Whitacre, L. C. Burnham, Dr. Harley Hoskins, Allen Pyne, S. W. Gilliland, W. A. Shoemaker and C. D. Saviers. Frank S. Brownlee will be artilleryman and Warren Wolfersberger will be bugler.

Elo Centro, Cal., June 25.—Despite additional tremors which occurred last night during a mass meeting of 5,000 citizens, the work of rehabilitating the cities of the Imperial Valley was continued today with renewed vigor. The rebuilding of the wrecked and damaged structures progressed without acceptance of outside aid.

It is now estimated that the total damage from earthquake shocks and fires in all of the cities and towns will not exceed \$500,000.

The ostrich always approaches its nest by a devious path, the idea being to conceal the location from observation.

### For Removing Hair Under Arms

Saturate the hair thoroughly with El-Rado, the salutary, colorless liquid, wait a few moments, then wash off with some plain water. The hair will be all gone—not to return for a long time. And when it finally does reappear, it will be even finer and softer than originally, so that with another application, it's gone for a still longer period. El-Rado retards hair growth, while all other methods, such as shaving, singeing, etc., promote its growth and make it come back coarse and brittle like a man's beard.

For years thousands of women have used El-Rado for the removal of all hair from the face, neck, arms, legs, and body. Now that the new style gowns and sheer blouses require the removal of hair from under the arms, the users are increasing daily as before.

El-Rado requires no rubbing or scrubbing; it leaves the skin as soft and white as your face. So highly antiseptic are its ingredients that many physicians use them instead of shaving their patients before operations.

The better stores and toilet counters sell and recommend El-Rado. Two sizes, 50c and \$1.00. Money back without question if you're not more than pleased. Get a bottle today so you can apply it this evening.

For free booklet, full information and letters of prominent users, send us a postal or we will gladly fill your order direct if you enclose stamps or coin. Pilgrim Mfg. Co., 86 East 28th St., New York City, 173.

In this city El-Rado is sold and recommended by: W. A. Erman, Frank D. Hall, R. W. Smith.

### DERNBURG

#### SPECIAL GERMAN ENVOY TO AMERICA, EXPECTS TO REACH BERLIN SATURDAY

Detained in Scotland by British, but United States Had Secured Him Safe Conduct.

(Associated Press Telegram)  
Berlin, Via London, June 25.—Dr. Bernhard Dernburg, returning from the United States on the Norwegian steamer Bergensfjord, has sent a wireless message to relatives here saying he expects to reach Berlin Saturday evening. It has been learned upon good authority that Dr. Dernburg will immediately be called into consultation concerning the forthcoming German answer to the second American note on the Lusitania incident.

### STEAMER ARRIVED SAFELY IN NORWAY.

(Associated Press Telegram)  
Christiania, Via London, June 25.—The steamer Bergensfjord, on which Dr. Bernhard Dernburg, was a passenger on his way from the United States to Germany arrived last night at Bergen after being detained at Kirkwall, Scotland, by the British authorities.

Dr. Dernburg who had been engaged in presenting to the United States the German side of the European war, sailed from New York on the Bergensfjord on June 1. He was granted a safe conduct by the United States. A London dispatch dated June 20, received yesterday, made the first announcements that the Bergensfjord had been detained at Kirkwall.

### AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to the remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Evans Drug Store and other leading druggists of Newark and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain 10 pounds or more.

A Veil and a Mirror.

From a feminine source comes a question which is more easily answered at first than at second thought—a question—that is, which is not quite as simple as it seems. It is this:

Does a woman wearing a veil see when she looks in a mirror what another person sees who looks at her through her veil?

On consideration one realizes that the veiled woman looks through her veil at an image which is itself veiled, and therefore she apparently looks at herself through two veils instead of the one which is all that dims to the vision of the other observer. Then there is the further fact that in a mirror what was right becomes left and vice versa, so that what one sees there is not a picture of oneself, but of somebody who is like oneself only as one of a pair of gloves is like the other.

That, however, has nothing to do with the question as to the veils, and that is quite complicated enough to stand alone.—New York Times.

### Granville

(Special to The Advocate)  
Granville, June 25. The Theodore Baker home in Broadway, one of the attractive old houses of Granville, was thrown open yesterday afternoon in hospitable fashion, when some two hundred women of the town and vicinity were received by Mrs. Baker, Mrs. Horace Van Kirk and Mrs. John McClain. The day was perfect, the house was artistically decorated with the season's flowers, and despite the counter attraction at Newark which drew many of the Granville Macons and their families to the dedication of the Temple, there was a steady stream of callers between the hours of two and half past five o'clock. In the receiving line were Mrs. Baker, Mrs. Van Kirk, Mrs. McClain and Mrs. South of Bowling Green, O., who with her daughter, Miss Rowena is a guest of Mrs. Baker. Assistant hostesses were: Miss S. E. Morrow, Mrs. L. E. Davis, Mrs. A. K. Follett, Mrs. C. J. Pence, Mrs. Joseph Brown, Miss Clara Baker. Punch was served in the living room, in which the decorations were white and green. In the dining room the color scheme was red, the table centered with an artistic basket of red roses, the handle tied with a big bow of green chiffon. The favors were tiny red satin bows, distributed by several young girls. Several out of town guests were present.

Mr. and Mrs. Howard Darrow and daughter left this morning in their touring car for a trip to Marietta, O., where they will spend Sunday with Mr. Darrow's mother.

Mrs. Emma Noland has returned to her home in Broadway after a visit of several weeks' duration with her son, in Pennsylvania.

Mrs. L. A. Austin will entertain the D. A. R. ladies this evening at her home.

### GERMAN ORIGIN OF NERV-WORTH

Wonderful Nerve Builder Was Prescribed by Famous Berlin Physician.

Actual and progressive users of Nerv-Worth is made from its origin. Nerv-Worth is made from a prescription given by a well known nerve and stomach specialist of Berlin, Germany, Dr. Ferdinand Thellbach, to a Detroit, Mich., man who sought his help for nervous debility and indigestion while in the German capital. This traveler was in a bad way but the doctor's prescription so quickly and thoroughly brought back his health that on returning to this country he took steps to get the formula on the market, so that fellow-sufferers might profit as he had done.

So great has been Nerv-Worth's success that thousands of bottles of the remedy have been sold during recent months and a corresponding number of cures effected. Every bottle sold has gone out on a money-back guarantee. This great remedy is on sale at the T. J. Evans Drug store, \$1 a bottle.

## AUSTRO-GERMANS WERE REPULSED BY RUSS ARMY

ENORMOUS GERMAN LOSSES  
AMONG TROOPS CROSSING  
THE DNIESTER RIVER.

Teuton Allies Said to Have Fallen  
Back in Disorder Before Bayonet Attack.

(Associated Press Telegram)  
Petrograd, via London June 25.—Austro-German forces were repulsed with heavy losses at three points on the Dniester river by the Russians, according to an official statement under date of June 23 given out today at the headquarters of the general staff. In the Kosmierzyn district the Russians carried by assault a strongly fortified height.

"Enormous" losses, are said to have been inflicted on the Germans in the Kosmierzyn region. Referring to operations near Lemberg the statement asserts that Russian counter-attacks were successful.

The text of the communication follows:  
"There has been no important change on the Vindava and Dubysa rivers.

"On the front of the Narew and Vistula there have been only small outpost affairs.

"Calm has prevailed on the Tarnobrzeg front.

"In the direction of Zolkiew and Lvov (Lemberg), the evening of the 22nd and the whole of the 23rd were occupied by the enemy in attempts to renew their ulterior offensive, seeking with particular obstinacy to advance in the direction of the villages of Czajkoff and Dimitrovo along the railroad between Lvov and Brzezany.

"Nevertheless, thanks to our troops energetic counter attacks, these attempts failed.

"On the front of Journavo-Demeszkovitz there has been a fierce engagement which thus far has developed under conditions favorable to us.

"Important German forces which on the morning of the 23rd crossed the Koszary region to the left bank of the Dniester, suffered enormous losses. Driven back to the river they were forced to assume the defensive under very difficult conditions, some of their troops being crowded on islands on the river and others clinging to the left bank.

"Near Martynovo and Rousdevany, the Austrians crossed the left bank of the Dniester but by impetuous counter attacks, our troops threw them back to the river. Up until 10 o'clock on the morning of the 23rd, the enemy lost about 40 officers and 1700 men, whom we took prisoners. The enemy is endeavoring to hold ground in places close to the river and is offering desperate resistance. In these fights our heavy and light artillery gave us effective support.

"In the Kosmierzyn district on the Dniester southeast of Nijni off our troops are taking the offensive. Approaching Mount Bezyminna, occupied and strongly organized by the enemy, they entrenched themselves and at dawn of the 23rd made a dashing assault on the mountain. The enemy, in the face of a bayonet attack, fell back in disorder to the second line of his works. Pressing close to his heels our troops entered the works and put to the bayonet almost the entire garrison holding the hill. The remnants, consisting of two officers and 210 men were made prisoners."

## STATE OFFICIAL IN ATTENDANCE AT DEDICATION

State Fire Marshal E. R. Deffenbaugh was in the city yesterday in attendance at the Masonic temple dedication, being a member of the Lancaster lodge. Mr. Deffenbaugh has many warm friends in this city who are always pleased to greet him. He is possibly one of the best known officials ever serving as the head of a state department and when he leaves office will do so with the knowledge that his department has achieved a reputation for thoroughness and efficiency seldom attained by any state appointee.

The system inaugurated by Mr. Deffenbaugh has gained distinction in many states and has been installed by state fire marshals throughout the south and west. The Lancaster man was appointed by ex-Gov. James M. Cox, and the latter recognized in him an organizer who could obtain results. That he has done so is attested by the fact that Gov. F. B. Willis has retained him in office under a Republican administration, although Mr. Deffenbaugh has been desirous of getting away from his arduous duties so that he might devote his entire attention to his vast oil and farming industries.

## CORONER HOLDS NEGRO CONVICT TO GRAND JURY

(Associated Press Telegram)  
Joliet, Ill., June 25.—"Chicken Joe" Campbell, trusty at the penitentiary, was placed in the county jail today with recommendation of the coroner's jury that he be held to the grand jury in connection with the death last Sunday of Mrs. Odette B. Allen, wife of the warden of the penitentiary. While Campbell was held to the grand jury he was not formally charged with murder.

The jury did not reach a decision as to whether others should be held to the grand jury in connection with the murder.

## DARKEN GRAY HAIR. LOOK YOUNG

Gray Hair Darkened So Evenly No-body Will Know!—No Dye.

You can turn gray, faded, streaked with gray hair beautifully dark and lustrous almost overnight if you'll apply, a few times, Q-Ban Color Restorer, to hair and scalp like a shampoo. Q-Ban is harmless, not sticky, delightful to use and darkens gray hair so naturally and evenly that no one can tell it has been applied.

Q-Ban acts on the roots, makes gray hair healthy and produces that soft, dark lustre and abundance to the hair which makes the hair so fascinating and attractive, besides preventing dandruff, itching scalp and falling hair and promotes its growth. Try Q-Ban and you'll be delighted with your beautiful, soft, fluffy, dark hair and lots of it and youthful appearance. Money back if it fails to darken gray hair. Only 50c for a big 7-oz bottle. At R. W. Smith's Drug Store, Newark, O. Out of town folks supplied by parcel post.

Entertained Visitors. Dr. Jud T. Lewis entertained a number of friends who were in the city attending the Masonic temple dedication, at a dinner party in his apartments in the Jewell and afterwards took them for a drive over the city. The visitors were greatly impressed with Newark and all expressed themselves as having been royally entertained and hope to return on some future date.

Sunday School Rally Day. The Sunday school of St. John's Lutheran church, Franklin township, will hold a rally day on Sunday, July 4th, at 9 a. m. A good program has been prepared with Hon. John T. Kramer, a noted leader in the Sunday school work of the state, and also one of the leaders in the Ohio Legislature, as the principal speaker. All are most earnestly requested to be present. A special appeal is made to the parents and older people of the church and community to be present.

Old Guard Returns. Company B, old guard returned from Mansfield Thursday evening, under command of Captain Mathew Bausch, and they are all enthusiastic in their praise of that city's splendid courtesy in their entertainment. There were fifty members of the organization in the parade.

Pastor Has Returned. Dr. C. H. Stull, pastor of the Fifth street Baptist church, returned Friday night from a trip to Travers Bay, Petoskey and Mackinac and other northern fishing resorts. He reports a splendid time, and much benefit from his vacation.

DeBow Monument Company. W. M. Black is the successor to E. D. King in the DeBow Monument Company at Granville.

Well Known Vocalist. Clyde Reasoner, state president of the Ohio Association of Elks, was a visitor in the city yesterday, having driven over from Zanesville in his touring car with a party of friends. Mr. Reasoner called at the Elk club and in the evening rendered several vocal selections. He was boosting the state convention which is to be held at Cedar Point in August.

Birth Announcement. Wm. Devine, employed in the press room of the Advocate, is all smiles today and proud as a peacock. He has reason to be for the stork called at his home on Pataskala street and left a handsome little daughter. "Billy" is planning a little stag affair for his fellow employees in honor of the affair in the very near future.

Warm Spot for Newark. Samuel Moore, of Seattle, Wash., who has been the guest of his brother-in-law and sister, Mr. and Mrs. Oliver Haynes, on the Jackson town pike, was operated on at the City Hospital yesterday for a small tumor which had appeared on the back of his neck. He expects to be out in a day or two and will probably leave for his western home the latter part of next week. Mr. Moore is a former Newarkite and still has a warm spot left in his heart for the best little city in Central Ohio. He is trying to prevail upon Mr. and Mrs. Haynes to accompany him back for a visit to the Panama-Pacific exposition.

Visited Friends. Harvey Moore, manager of the cabaret entertainment at the Virginia Hotel, and whose pleasing singing is the feature of that well known hostelry, was a visitor in the city yesterday taking in the Masonic temple dedication. Mr. Moore would need several weeks to get around and visit all his Newark acquaintances, but he met many friends yes-

terday who were more than delighted to greet him. Newarkites who visit the Capital City never think of leaving before going down to hear Harvey sing some of the latest ballads.

Elk Summer Review. On July 5 and 6, the Bucyrus Elks will stage a Summer Review. It will occur in the open and consist of vaudeville, cabaret, minstrel and style shows. One hundred people of the city will participate. One of the features will be a large orchestra. Exalted Ruler J. R. Cooper of the local lodge has been invited to respond to a toast at the visitors' entertainment at the club room on the evening of July 5.

Notice Eastern Star. All members of Eastern Star are urgently requested to meet in the basement of the Plymouth Congregational church, Sunday evening at 7:30 for the purpose of attending services.

After the Speeders. Toledo police are going after the motor speeders. In one day they arrested 108 drivers of motor vehicles, charged with a violation of the speed ordinance. Less than 20 of these were on motorcycles.

Grain Dealers Convention. Local grain dealers have received invitations to attend the convention of the Ohio Grain Dealers association at Cedar Point on Wednesday and Thursday of next week.

Marion Selected. Marion was selected as the city for the place of holding the next annual state Grand Army encampment by the old veterans in session at Mansfield yesterday.

Chose Findlay. The state Sunday school convention in session at Zanesville yesterday chose Findlay for the 1916 meeting. The foreign policy of President Wilson was also adopted with cheers.

Gallon may quit the Central Ohio base ball league. If that city withdraws either Upper Sandusky or Delaware will be substituted.

Granted Divorces. Zenova A. Bota has been granted a divorce by Probate Judge Robbins Hunter from Theodore Bota on the grounds of cruelty and non-support.

Lulu B. McCandish has also been granted a divorce by Judge Hunter, the defendant being Wm. C. McCandish. The petition was granted on the grounds of non-support and abandonment. The plaintiff was awarded the custody of a 3-year-old child.

Bargains in the Wants tonight.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podosphyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalax Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santalax Remedies Co., 802 Madison Ave., Covington, Ky.
